

VINCENT RIFA

ENGINEERING MANAGER

ABOUT ME

Bonjour,

I'm a french engineer living in Ho-Chi-Minh-City, and looking for a manager position.

Through my different jobs (designer, developer and manager), I've experienced most aspects of IT projects.

As a project manager, I'm committed to delivering the greatest product for end users, while finding the best technical solution.

And as a team leader, I'm dedicated to mentoring my teammates to give their best, in a friendly and positive working atmosphere.

See you soon!
